

# **Description of transport label for Bring Parcels AB**

(for use in connection with EDI solutions)

Version 20140601

Final

## Change history for label description

Date	Document	Changes
26/2-2010	Label description 20100301	First version of Bring Parcels label description. New label layout Product code 344/345 added Service code 39 and 79 added
1/11-2010	Label description 20101101	Service code 97 added Product code 310-315 (My Quick Boxes) removed Detailed weight rules added Sender address cross-over added Weight symbol to be used when possible product 342 to SE GS1 SSCC and sorting barcode required for prod. 342 to SE
1/6-2011	Label description 20110601	Rules regarding package-id expected to be changed in the autumn of 2011. Product 349 added (previously 342 plus service code 53) Service code 53 removed Customer unique products added (391 and 392) Customer unique services added (19 and 29)
1/11-2011	Label description 20111101	Service code 03 added
1/6-2013	Label description 20130601	UPU label only used from Norway (as per appendix B) SSCC codes mandatory for more products/countries Sorting barcode to Denmark added Service code 10 – name of service changed Weight limit for product 340/342 to DK changed to 31,5 kg
1/10-2013	Label description 20131001	Service code 15, 16 and 17 added
14/10-2013	Label description 20131001	Service code 33, 34 and 94 added
1/6-14	Label description 20140601	Service code 11 added

Changes in the latest version are written with red text.

## Appendixes

Following appendixes are available upon request:

- A: Detailed information about available countries per product/service
- B: Label type per country for product 330, 336 and 340 from Norway
- C: Description of laser printed UPU label (used for product 330/340 to certain countries from Norway)
- E: Description of special requirements for Return products

## Introduction

To ensure the most efficient handling of parcels and pallets, Bring Parcels require customers to use IT solutions to produce barcoded transport labels and EDI. EDI must be transmitted at the time of shipment so that information is available, when the parcels (barcodes) are scanned at the first terminal.

2 types of standard IT labels are used:

- 1) **Bring label** – printed on self-adhesive label material with a thermal or a laser printer.  
Used for all Bring Parcels products except:  
Product 330/340 from Norway to certain countries (according to appendix B)  
Product 341/343 from Sweden and Finland (special label required according to appendix E)  
This layout may be used with all Bring specialists.

Bring Parcels supports the international standard for design of transport labels "Multi Industry Transport Label" (MITL) decided within CEN "Comité Européen de Normalisation". This standard is widely used in the Nordic countries.

The recommended label size is 105 mm x approx. 200 mm depending on the information contents. A shorter label may be used if no additional services are required.

## Layout

## Approval

Future amendments to the label must also be approved by Bring Parcels EDI department.

However for certain products/countries a GS1 SSCC barcode must be used (as per page 6):

- For these parcels a sorting barcode must also be added (see description on page 7).

Bring Parcels AB

## S10 Barcode specification for package-ID

### Data identifier

No data identifier.

### Contents

The S10 package ID range is allocated to each customer by Bring Parcels. Reuse is not allowed.

The Package-ID consists of a prefix (normally **CT**), an 8 digit number from the allocated range, a check digit (weighted modulus 11) and a suffix (normally **NO**).

### Symbology

Code 39

X-dimension (most narrow module) min. 0.37 mm

W/N Ratio min. 2.0

Symbol height min. 27 mm

Empty space before and after the barcode should be at least 7 mm

### Readable text

The form text **Package-ID:** is printed at the left side below the barcode (Arial 10 points or equivalent).

The contents of the barcode should be printed in plain text below the code (Arial 12 points bold or equivalent) grouped in 4+3+3+3 characters. Example:

Package-ID: **CT00 000 967 6NO**

### Calculation of check digit in accordance with weighted modulus 11 formula

- Apply weighting factors to basic 8 digit serial number using the following weighting factors: 8 6 4 2 3 5 9 7
- Obtain the sum of these numbers
- Divide the sum by 11 (eleven)
- Subtract the remainder from 11
- If the result is in the range of 1 to 9, use the result as the check digit
- If the result is 10, use 0 as the check digit
- If the result is 11, use 5 as the check digit

#### Example:

Serial number	4	7	3	1	2	4	8	2
Weighting factors	x8	x6	x4	x2	x3	x5	x9	x7
Gives	32	+ 42	+ 12	+ 2	+ 6	+ 20	+ 72	+ 14 = 200

200 divided by 11 gives a remainder of 2

11 minus 2 gives 9: the check digit is **9**

Complete number including check digit: **473124829**

## GS1 SSCC Barcode specification

### Data identifier

GS1 Application Identifier (00) in the barcode specifies that it is a package-ID.

### Contents

Customers that are members of GS1 use their own serial number range. Non-members of GS1 will be allocated a serial number range from Bring Parcels.

Reuse within 2 years is not allowed.

### Symbology

GS1 128 according to EAN/UCC standard (code 128 with FNC1 according to EN799)

X-dimension (most narrow module) min. 0.375 mm

Symbol height min. 27 mm

Empty space before and after the barcode should be at least 7 mm

### Readable text

The form text **Package-ID:** is printed at the left side below the barcode (Arial 10 points or equivalent).

The contents of the barcode should be printed in plain text below the code.

### Calculation of check digit in accordance with modulus 10 formula

- Apply weighting factors to 17 digit serial number using the following weighting factors:  
3 1 3 1 3 1 3 1 3 1 3 1 3 1 3 1 3
- Obtain the sum of these numbers
- Subtract sum from nearest equal or higher multiple of ten
- Use the result as the check digit

#### Example:

Serial number:	3	7	6	1	0	4	2	5	0	0	2	1	2	3	4	5	6
Weighting factors:	3	1	3	1	3	1	3	1	3	1	3	1	3	1	3	1	3
Gives:	9	7	18	1	0	4	6	5	0	0	6	1	6	3	12	5	18 = 101

110 – 101 gives 9: Check digit is **9**

Complete number including check digit: **376104250021234569**

## Sorting barcode to Sweden

Packages to Sweden with product 340 and 342 must in addition to the SSCC barcode carry a **sorting barcode** (see label example on page 21):

### Contents

GS1 Application Identifier: (421)  
Country code of Sweden: 752  
Postal code of delivery address: 5 digits without blanks

### Symbology

GS1 128 according to EAN/UCC standard (code 128 with FNC1 according to EN799)  
X-dimension (most narrow module) min. 0.375 mm  
Symbol height min. 25 mm  
Empty space before and after the barcode should be at least 7 mm

### Readable text

The form text **Country/postal code:** is printed at the left side below the barcode (Arial 10 points or equivalent) followed by the contents of the barcode in plain text e.g.:

**Country/postal code: (421)75216751**

## Sorting barcode to Denmark

Packages with product 342 to Denmark and product 343 from Denmark should in addition to the SSCC barcode carry a **sorting barcode** (see label example on page 22). **Sorting barcode is not required when service code 10 or 11 is used within/to Denmark.**

### Contents

GS1 Application Identifier: 421  
Country code of Denmark: 208  
Postal code of delivery address: 4 digits without blanks  
GS1 Application Identifier: 90  
Customer specific code : 11xxxxxxxxxxxx (to be advised upon implementation)

### Symbology

GS1 128 according to EAN/UCC standard (code 128 with FNC1 according to EN799)  
X-dimension (most narrow module) min. 0.375 mm  
Symbol height min. 14 mm  
Empty space before and after the barcode should be at least 7 mm

### Readable text

The form text **Mission code:** is printed at the left side below the barcode (Arial 10 points or equivalent) followed by the contents of the barcode in plain text e.g.:

**Mission Code: (421)2082000(90)11123456789019**

## Products and services as per 1/6 -2014

Following products and services are available with a Bring label and EDI:

### Products

330	CarryOn Business
331	CarryOn Business Return
332	CarryOn Business BulkSplit
333	CarryOn Business BulkReturn
334	CarryOn Business BulkSplit 09.00
335	CarryOn Business 09.00 (limited use)
336	CarryOn Business Pallet
339	CarryOn Business Pallet 09.00 (limited use)
340	CarryOn HomeShopping
341	CarryOn HomeShopping Return *
342	CarryOn HomeShopping BulkSplit
343	CarryOn HomeShopping BulkReturn *
345	CarryOn HomeShopping BulkSplit Mini
349	CarryOn HomeShopping BulkSplit Home
359	CarryOn Budget
391	CarryOn Business VIP (customer unique)
392	CarryOn Business Pallet VIP (customer unique)

\* Product code 341/343 from SE and FI require special labels – see appendix E

### Services

03	LIMITED QUANTITY ?? KG Gross
10	Optional Pickup Point
11	PickUp Locker
15	Delivery/Pickup evening
16	Delivery/Pickup weekend
17	Express
19	Desktop Delivery (customer unique)
29	Special Services (customer unique)
33	ID Verification
34	ID Individual Verification
39	Delivery Indoors
41	Flex Delivery**
51	COD (Cash On Delivery)**
58	MPS (Multi Parcel Shipment)
61	½ Pallet
62	¼ Pallet
69	Domestic Air
79	Delivery before 12.00 (for future use)
91	eAdvising
94	Contract- ID
97	Flexi Size

\*\* Service code 41 and 51 cannot be used at the same time

\*\*\* Service code 10 and 11 within/to Denmark is not allowed at the same time and is not allowed together with service code 51.

Products and services are valid to and/or within specific countries according to appendix A.

## Weight limitations:

Product code:	Product name:	To country:	Max. Weight:
330	CarryOn Business	AX, DK, FI, NO, SE FO, GL Remaining Countries	35 kg 50 kg 30 kg
331	CarryOn Business Return	DK, FI, NO, SE	35 kg
332	CarryOn Business BulkSplit	DK, FI, NO, SE Remaining Countries	35 kg 30 kg
333	CarryOn Business BulkReturn	DK, FI, NO, SE	35 kg
334	CarryOn Business BulkSplit 09.00	NO	35 kg
335	CarryOn Business 09.00 (limited use)	SE Domestic	35 kg
336	CarryOn Business Pallet	DK Remaining Countries	750 kg 1.000 kg
336+61	½ Pallet	DK, FI, NO, SE	400 kg
336+62	¼ Pallet	DK, FI, SE	200 kg
339	CarryOn Business Pallet 09.00 (limited use)	SE Domestic	1.000 kg
340	CarryOn HomeShopping	DK FI, NO FO, GL Remaining Countries	31,5 kg 35 kg 50 kg 20 kg
341	CarryOn HomeShopping Return	DK, FI, NO, SE	20 kg

342+51	CarryOn HomeShopping BulkSplit + COD	DK	20 kg
349	CarryOn HomeShopping BulkSplit Home	FI, NO, SE	35 kg
343	CarryOn HomeShopping BulkReturn	DK, FI, NO, SE	20 kg
345	CarryOn HomeShopping BulkSplit Mini	NO	2 kg
348	CarryOn Home Delivery	DK, FI, NO, SE	500 kg
359	CarryOn Budget	FO, GL IS	50 kg 20 kg

## Service code 51 - COD

To Country	COD account in receiving country (local currency)
<b>Denmark</b>	<b>Without</b> payment form (info from EDI is used)
<b>Finland/Åland</b>	<b>Without</b> payment form (info from EDI is used)
<b>Faeroe Islands</b>	<b>Without</b> payment form (info from EDI is used) Danish account in DKK
<b>Greenland</b>	<b>Without</b> payment form (info from EDI is used) Danish account in DKK
<b>Iceland</b>	Icelandic payment form only
<b>Norway</b>	<b>Without</b> payment form (info from EDI is used) <b>332/334/349</b> only allowed with Norwegian OCR account
<b>Sweden</b>	<b>Without</b> payment form (info from EDI is used)

## Handling Codes

The handling code is used for certain products and countries to ensure correct sorting. Following codes are used at present:

### **Product 332 and 336 to Denmark (as per agreement):**

Postal code 0000 – 4999: **Ø**

Postal code 5000 – 9999: **V**

### **To Norway:**

Product 345 (mandatory) **M 3**

Product 349 (mandatory) **H 2**

Product 334/335 **1**

Product 330/332 **2**

Product 340/342 **3**

## Weight symbol

A weight symbol should if possible be placed in the transport instruction block.

The symbols are as follows:

**Symbol 1** (0-15 kg)

**Symbol 2** (>15-25 kg)

**Symbol 3** (>25 kg)

The symbols may be downloaded from following link:

<http://www.tya.se/home/in-english/weight-marking-system>

#### Explanation to the columns:

Field:	Reference to the A-Y marks on the labels on previous page
Form Text:	Line 1: Form text Line 2: Contents of the field Following lines: Further explanation
Pts:	Recommended point size if font Arial is used (b = bold)
M/R/C:	Mandatory/Recommended/Conditional

Field	Form Text / <b>Contents</b> / Explanation	Pts	M/R/O
<b>A</b>	From: <b>Senders return address</b> For BulkSplit parcels this address will normally be a local address in the delivery country (Bring Parcels address or sender's local address). In some countries the sorting facilities have OCR capture of data from the label in an attempt to determine the delivery postal code. To avoid capture the senders return address should be crossed over and a horizontal line should be printed through the postal code of this address. (e.g. DK - 2000 Frederiksberg or <del>DK - 2000 Frederiksberg</del> ).	7 8	M M
<b>B</b>	To: <b>Delivery address</b> The delivery address must be clearly visible for handling staff. The line containing country code, postal code and city should be printed in a larger font bold. 2 character ISO country code (ISO 3166) should be used. In this case the country name may be omitted to save space.	7 12 16b	M
<b>C</b>	Date: <b>Dispatch date</b>  For Return Service (product 331/333/341/343): Not valid after: <b>Latest return date (normally 3 month after issue).</b> Exception for 341/343 from Sweden: 1 month after issue	7 10  7 10	R
<b>D</b>	Phone: <b>Telephone number of the recipient</b> May be used in connection with delivery problems.	7 10	R
<b>E</b>	Package-ID: <b>Unique Package identity</b> The contents of the barcode in field U.	7 10	R
<b>F</b>	Packages: <b>Package number / Total number of packages</b> Sequential number of the package and the total number of packages in the shipment. The numbers are divided by a slash e.g. 1 / 3 Required if service 58 – MPS is used or if COD covers multiple packages.	7 10	C
<b>G</b>	Weight: <b>Gross Weight</b> The gross weight of the package. The weight should be stated in kilos with one decimal. The unit (kg) is printed after the weight. In case of multiple parcels in a shipment the package weight as well as the total weight should be stated (e.g. Weight: 9 / 27 kg). In case that the total weight or the package weight is unknown the unknown value should be indicated with a dash e.g. 9/ - or - /27.	7 10	C

Field	Form Text / <b>Contents</b> / Explanation	Pts	M/R/O
<b>H</b>	Shipment-ID: <b>Unique shipment identity</b> Shipment-ID (17 digit GS1 shipment no) is required if service 58 – MPS is used or if COD covers multiple packages.	7 10	C
<b>I</b>	Customer no.: <b>Bring Parcels customer number</b> (8 digits including zeroes)	7 10	M
<b>J</b>	COD Amount: <b>COD Currency and Amount</b> Required if service 51 – COD is used. If COD covers more than one package the COD details must be printed on all labels and the text (total) must be added after the amount. In this case Shipment-ID (H) and Package number/Total number of packages (F) must be printed.	7 10b	C
<b>K</b>	COD Account: <b>COD bank/giro account number</b> Required if service 51 – COD is used.	7 10b	C
<b>L</b>	COD Reference: <b>Bank reference</b> Required if service 51 – COD is used.	7 10b	C
<b>M</b>	<b>Symbol depending on product/service</b> Service 51: COD triangle (min. size 37 x 18 mm) Product 334/335/339: 9 o'clock symbol Service 79: 12 o'clock symbol		C
<b>N</b>	Services: <b>Service code – Service name</b> Required if services apply E.g.: 41 – Flex Delivery The service 51 – COD must be printed in reverse: <b>51 – COD</b>	7 14	C
<b>O</b>	<b>Bring Logo</b>		M
<b>P</b>	Product: <b>Product name</b> E.g. CarryOn Business (see page 8) Form text is not used in the CarryOn label	7 16	M
<b>Q</b>	<b>Handling code</b> Required for certain products to Norway e.g. 345: M 3 (see page 10)	40	C
<b>R</b>	Product-ID: <b>Product code</b> (3 digits) E.g. 330 (see page 8)	7 24	M
<b>S</b>	Senders reference: <b>Customer reference</b>	7 10	
<b>T</b>	<b>Delivery instructions</b> Required for service 41 – Flex Delivery	10b	C
<b>U</b>	<b>Barcode containing the package-id</b> S10 or GS1 SSCC according to rules on page 4-6		C
<b>V</b>	Package-ID: <b>Contents of the barcode</b> See page 4-6	7 12	

Field	Form Text / <b>Contents</b> / Explanation	Pts	M/R/O
<b>W</b>	Customer specific information (e.g. details about contents) may be placed in a block above the barcode block separated by horizontal lines. Customer barcodes in this block must be approved by Bring Parcels as this may effect automatic sorting equipment.		
<b>X</b>	<b>Sorting barcode when required according to rules on page 7</b>		C
<b>Y</b>	<b>Weight symbol</b> (see page 10)		C
<b>Z</b>	<b>Recipient</b> Recipient address when service code 10 (Optional PickUp Point) or 11 (PickUp Locker) is used. Required for service 10 and 11 within/to Denmark.	7 8	C
